

INSTRUCTIONS FOR USING YOUR CELLULAR TELEPHONE

Enclosed you will find a cellular telephone provided to you by the **DIAL-A-LIFE FOUNDATION PROGRAM**.

The **sole purpose** for the use of this wireless telephone is to **call 9-1-1**, in the event of an **emergency**. Please do not use it to call 9-1-1 for information. This phone has been programmed to call 9-1-1 **only**.

Enclosed in this package is a:

- phone • battery • charger

Please charge your phone for 24 hours, prior to using it. You may charge your phone by plugging the charger into an electrical outlet.

When you are not using your phone, keep it plugged into the charger. Charge your phone on a regular basis to ensure it is operational at all times.

To call for emergency assistance, dial 9-1-1 on your phone and then press the "send" "talk" or "yes" button located on the phone's keypad. In the event of an emergency, **DO NOT PANIC!!** Make note of your surroundings to inform the emergency assistance operator of your location. If possible, and you are in a safe location, stay in the location you are calling from. When the operator answers, **calmly** provide the requested (detailed) information.
